Description

This sublimated Fishing T-shirt is the best way to promote your club or brand while outdoors. It is made of 95% Polyester 5% Spandex, 180gsm ice silk fabric, making it cool to wear, soft and comfortable for outdoor use. It wicks moisture effectively, offers advanced UPF 50+ sun protection, and is also fast-drying and fade-resistant. Sublimation helps showcase your logo, name, number or club slogan while ensuring long-lasting use without fading. There are different sizes to meet the varying needs. Show your team colours today.

To achieve effective branding logo display, we recommend the following:

- For the front chest and mid back, we suggest a maximum width of 30cm for size L, with other sizes being scaled accordingly.
- At least 5cm below collar.
- At least 5cm away from the seam of the armpits.

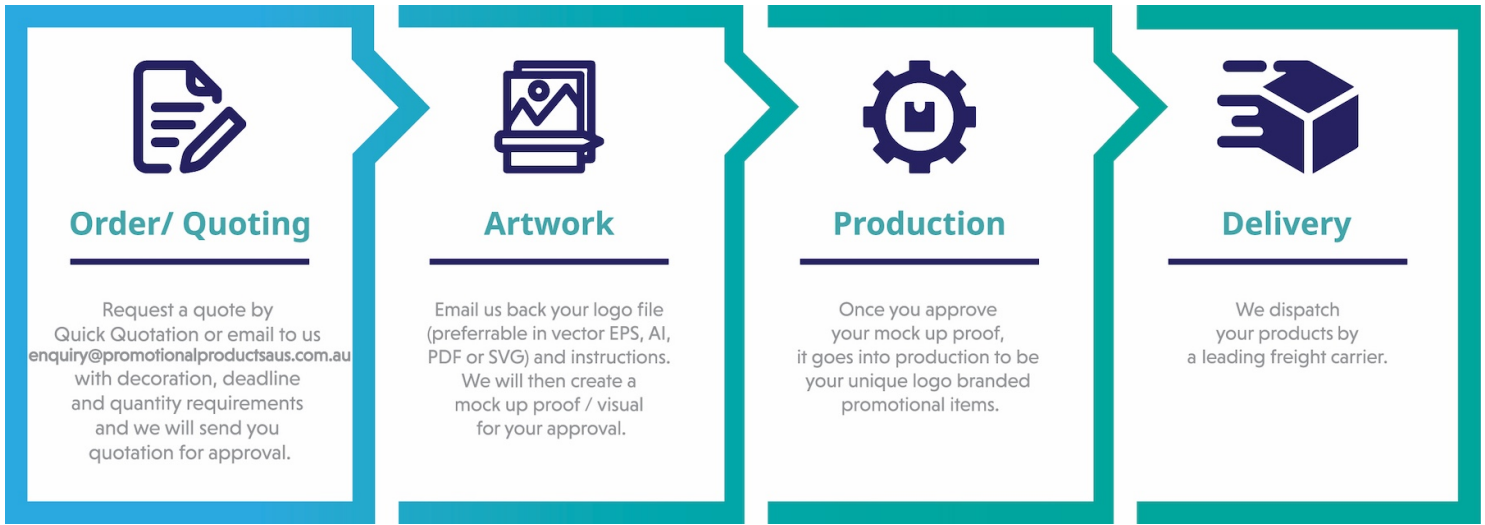

To achieve effective branding logo display, we recommend the following:

- Maximum width of logo is 15cm for size L, other size will be scaled accordingly.
- At least 5cm away from the seam of the armpits.

Please note that designs that extend from the body of the item to the sleeve or collar, when they may not match up perfectly due to differences in curves of the material

When a pattern extends across 2 panels, such as connecting the front and back panels in a side seam, often designs will not perfectly align. Generally there's about 0.5cm allowance for this mismatch
