

BB100

Button Badge 100mm

BRIGHT
PROMOTIONAL PRODUCTS

URL Link: <https://staging.promotionalproductsaus.com.au/product/button-badge-100mm>

Description

Big, bold, and ready to grab attention, it's perfect for events, promotions, or just making a statement. Durable and eye-catching, this large badge ensures your message is seen loud and clear. Button Badges have no set-up costs for 3 designs, any additional designs after will incur a TBA fee. Poly bagging adds TBA(G) per unit. Variable-data printing (VDP) (Also known as variable-information printing (VIP) or VI) is a form of digital printing, including on-demand printing, in which elements such as text, graphics and images may be changed from one printed piece to the next, without stopping or slowing down the printing process and using information from a database or external file. For example, a set of labels, each with the same basic layout, can be printed with a different name on each label. Variable data printing is mainly used for direct marketing, customer relationship management, advertising, invoicing and applying addressing on self-mailers, brochures, or postcard campaigns.
