Description

This reversible pen light is a clever multi-tasker. The base detaches and flips to reveal either a push-on LED light or a ballpoint pen, giving you two tools in one. The clip area features a smooth rubberised finish and a matching stylus tip for touchscreen use. Supplied with black ink and a built-in isolator to prevent the light from turning on during shipping. Each pen is engraved to reveal a sleek matte finish for a polished, professional look.
